

To: FCC

I am writing to you out of concern over the possibility of my local K-LOVE radio station being displaced by a Low Power FM station.

My family and I listen to K-LOVE daily on our local station 104.3 in Cincinnati, OH. It's wonderful Christian music and positive & encouraging messages provide support and enjoyment to my family and our community. Especially since my children listen, I know they will not be subjected to the profanity, vulgarity, and crude language and topics discussed on secular radio.

If my local K-LOVE station was displaced by an LPFM broadcaster, this would have a significant impact on my community and family as our other "clean" radio choices are very limited.

K-LOVE serves the community and public interest by sharing the Gospel of Jesus Christ through music, messages, and host commentary and people's lives are changed and better because of K-LOVE. This radio station promotes a sense of love, responsibility, and accountability to my family and our community and does serve our public interest.

Please do not displace my family-friendly K-LOVE FM translator radio station by allowing Low Power FM in our area or other cities across the U.S.

William M. Adkins
